STARRED QUESTIONS

(to which oral answers were given)

Agency to take over the management of educational institutions run by District Boards.

*Q.—153. **Sri G. VENKATAI GOWDA** (Palaiyam).—

Will the Government be pleased to state :—

(*a*) the agencies to which the educational institutions that were under the management of the District Boards formerly, will be entrusted ;

(*b*) whether it is not likely that the progress of such institutions will be hampered if they are entrusted to the Taluk Boards to be constituted ;

(*c*) whether they intend to recover from the proposed Taluk Boards their quota of maintenance charges for such institutions, and take the latter to the management of the Government ?

*A.—**Sri T. SUBRAMANYA** (Minister for Law, Labour and Local Self-Government).—

(*a*), (*b*) and (*c*) The matter is under the consideration of Government.

Sri G. VENKATAI GOWDA.—Since how long is this under the consideration of Government ? When is Government likely to take a decision in this behalf ?

†**Sri T. SUBRAMANYA.**—Ever since the Village Panchayats and Local Boards Act was passed on this is under consideration. From 1st November 1956 the matter is engaging the attention of Government. Several problems are involved and we hope to take a permanent decision in the course of a month, *i.e.*, before the end of May.

Sri A. R. KARISIDDAPPA.—What is the number of district board high schools that ought to be taken over by Government in the whole State ?

Sri T. SUBRAMANYA.—I have not said that they will be taken over by Government.

Sri M. C. NARASIMHAN.—Sometime ago there was a press announcement to the effect that Government are contemplating that the taluk boards should take over the administration of the schools. Are Government responsible for the dissemination of this news item ?

Sri T. SUBRAMANYA.—We are not responsible.

Sri C. J. MUCKANNAPPA.—What will be the financial implication about the taking over the management of the local board schools ?

Sri T. SUBRAMANYA.—The full picture is not yet complete. So I am not able to give the exact figure.

† Indicates that the remarks or speeches have not been revised by the member concerned.

Sri J. B. MALLARADHYA.—Are Government aware that repeated representations are being made that the district board high schools should be taken over by Government completely as a matter of educational policy ?

Sri T. SUBRAMANYA.—Representations are being made.

Sri G. VENKATAI GOWDA.—Is it not a fact that if the maintenance charges are recovered from the taluk boards there will be no financial implication involved ?

Sri T. SUBRAMANYA.—That is a simple matter. If the taluk boards give the money allotted to them for expenditure, no financial commitment will arise, but the question involved is whether the taluk boards would be capable of bearing this financial burden. How best to act under the circumstances is a matter which is engaging the attention of Government. It will take some time before Government can come to a decision.

Sri U. M. MADAPPA.—Is it not the intention to constitute a Board to manage these high schools ?

Sri T. SUBRAMANYA.—Even that is under consideration.

Sri U. M. MADAPPA.—You said that it is not a fact that Government is going to take over these institutions. Then who is going to take over them ?

Sri T. SUBRAMANYA.—I did not say it is not a fact that Government is going to take over them. I have simply said that the whole matter is under consideration.

Sri M. RAMAPPA.—What is the Board that you contemplate to consititute ?

Sri T. SUBRAMANYA.—The whole picture is not yet complete and so I am not in a position to say anything definitely about this matter.

Dr. R. NAGAN GOWDA.—The education cess that was collected in Bellary District was transferred to the district board for maintenance of these high schools. Would that be continued hereafter and the money handed over to the taluk boards ?

Sri T. SUBRAMANYA.—It may be handed over or it may not be handed over. If we create some other agency that amount would be handed over to that agency. If we hand it over to the local boards they would get that money.
